

Minnesota State University Moorhead

HLTH 412: Education for Sexuality and HIV/AIDS

A. COURSE DESCRIPTION

Credits: 3

Lecture Hours/Week: 3

Lab Hours/Week: *.*

OJT Hours/Week: *.*

Prerequisites: None

Corequisites: None

MnTC Goals: None

This course trains health education majors and minors to carry out sexuality education for students in grades 7-12. Emphasis is placed on developing self-esteem, healthy relationships, and social skills. Current educational research is applied to promote sexual health in children, adolescents, and adults.

B. COURSE EFFECTIVE DATES: 06/01/1995 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

D. LEARNING OUTCOMES (General)

1. Demonstrating a sense of effectiveness when reflecting on learning.
2. Exploring factual data and using thoughtful planning in delivery of effective sexuality education.
3. Learning to create an inviting educational environment which fosters learner's success and communicate challenging learning expectations for personal growth.
4. Recognizing and formulating diversified and developmentally appropriate sexuality education materials for an individual, small group or large group through experimentation, class discussion, teaching reflection, classroom activities, and assignments.
5. Respecting and valuing the personal worth of each individual and accepting their life choices.
