

North Hennepin Community College

NURS 2700: Foundations of Nursing - Health Promotion

A. COURSE DESCRIPTION

Credits: 9

Lecture Hours/Week: *.*

Lab Hours/Week: *.*

OJT Hours/Week: *.*

Prerequisites:

This course requires all four of these prerequisite categories

1. Any one of these three

 SPCH 1110 - Principles of Interpersonal Communication

 SPCH 1110 - Principles of Interpersonal Communication

 COMM 1110 - Principles of Interpersonal Communication

And

2. PSYC 1250 - Life Span Developmental Psychology

And

3. BIOL 2111 - Human Anatomy and Physiology I (Minimum grade: 1.67 GPA Equivalent)

And

4. BIOL 2100 - Microbiology

Corequisites: BIOL 2112 and NURS 2750

MnTC Goals: None

This course introduces the student to the role of the professional nurse. The emphasis on health promotion across the lifespan includes learning about self-health, as well as holistic client health practices. Students learn to access and apply research evidence to guide safe preventative care. The student will incorporate communication and growth and development theory in a caring and culturally sensitive manner. The student will work as an ethical member of multi-disciplinary teams giving and receiving feedback about performance and use reflective thinking about their practice. Within the context of the nursing process, populations studied will include children, adults, older adults and the family experiencing a normal pregnancy.

Prerequisites: Admission to Nursing program, BIOL 2100, BIOL 2111, PSYC 1250 and COMM 1110

Co-requisite: NURS 2750

Strongly Recommended to be taken prior to or concurrently: BIOL 2112

B. COURSE EFFECTIVE DATES: 12/31/2013 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

1. Introduction to professional nursing.
2. Use of the nursing process as a model for patient assessment.
3. Use of the nursing process to plan and implement care of patients.
