

Dakota County Technical College

RRCC 2970: Railroad Conductor Internship

A. COURSE DESCRIPTION

Credits: 1,2,3

Lecture Hours/Week: *.*

Lab Hours/Week: *.*

OJT Hours/Week: *.*

Prerequisites: None

Corequisites: None

MnTC Goals: None

Upon successful completion of this course, the student will have observed actual operations and be able to apply skills learned in classroom-based instruction to those operations. The student will observe and perform operations under the supervision of experienced conductor mentors in actual field locations. 1 hr. lecture, minimum 40 hours of on-the-job training/wk. Prerequisite: Admission to the DCTC railroad conductor option, and successful completion of RRCC1130 General Code of Operating Rules with a minimum grade of "C".

B. COURSE EFFECTIVE DATES: 08/22/2005 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

D. LEARNING OUTCOMES (General)

1. apply the knowledge and skills acquired in prerequisite courses to actual conductor operations
2. demonstrate the ability to apply skills and knowledge of the work setting applicable to the following areas: labor relations, human relations, work standards, quality, work flow patterns
3. demonstrate the ability to establish and maintain appropriate interpersonal relationships with other employees in the job setting
4. demonstrate work activities to the Internship Facilitator/Mentor which have been applied on the job
5. identify the conductor's role in the organizational structure
6. list the major job functions of the student's personnel assignment
7. observe effective conductor techniques under constraints and pressures of daily railroad operations
