Lab Hours/Week: 2

OJT Hours/Week: *.*

Prerequisites: None

Corequisites: None

MnTC Goals: None

This course provides students with the opportunity to function more independently in the simulation/clinical setting. Emphasis is placed on critical thinking and role transition from student to graduate nurse. Students are assigned to work as members of the health care team in the simulation setting. A Predictor test will be administered to students allowing them to see how they will do on the State NCLEX Practical Nursing Boards. An instructor will be available to provide guidance and support with identification of areas of need in preparation for the NCLEX test. The Capstone will address job search, Nursing opportunities and a review of the testing process for the MN State Board of Nursing.
