

North Hennepin Community College

HTN 2100: Special Stains

A. COURSE DESCRIPTION

Credits: 4

Lecture Hours/Week: *.*

Lab Hours/Week: *.*

OJT Hours/Week: *.*

Prerequisites:

An error occurred while generating the list.

Corequisites: None

MnTC Goals: None

Preparation of chemical reagents for the histology lab will be discussed and performed. The theory, practice, and microscopic evaluation of staining procedures for various applications will be covered.

Prerequisites: Concurrent with HTN 2003

B. COURSE EFFECTIVE DATES: 08/21/2006 - Present

C. OUTLINE OF MAJOR CONTENT AREAS

1. Content includes the theory behind and preparation of reagents. Practice and evaluation of staining techniques used in the histology lab for various applications will be performed.

D. LEARNING OUTCOMES (General)

1. The student should be able to
 - Discuss and perform preparation of chemical reagents used in the histology lab.
 - Perform and evaluate results of tissue slide staining.

E. Minnesota Transfer Curriculum Goal Area(s) and Competencies

None

F. LEARNER OUTCOMES ASSESSMENT

As noted on course syllabus

G. SPECIAL INFORMATION

None noted
